12 th May - Year 1 trip to Avon Tyrrell	22 nd May - joint community day with junior school

Communications this week:	
Yr 1 Trip Reminder	

Dear Parents & Carers,

Welcome back to the Summer term, I can't believe we are already in the final term of another academic year. We always know that the summer term is very busy with lots of lovely events, learning opportunities and transition sessions later in the term.

I hope you all had a wonderful Easter break, we were so very lucky with the weather! The children have returned ready to continue their amazing learning journeys.

We started this week by celebrating Earth Day on Tuesday through a play project across the school. Children mixed up in different year groups so that Year R, 1 and 2 were mixed together. They worked in teams to draw, make, create and write a message to help solve rubbish and pollution in the sea. It was wonderful to see the children so engaged and working so well in teams.

Empowerment Approach -Kit Messenger Training-7th May 4pm

We are looking forward to our parent session online with Kit Messenger all about the empowerment approach to behaviour management in school. We have been working in partnership with the junior school since September on this with the children in school and this is a great opportunity for you to find out more with ideas to implement at home. Online link will be shared soon.

Keepers Kitchen

It was wonderful at the end of last term celebrating with the children chosen by their teachers to be a part of Keepers Kitchen. Well done!

Sustrans

Our Sustrans Schools officer, John, has asked us to share the following:

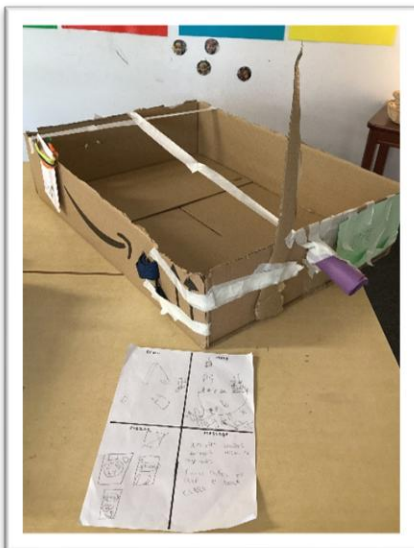

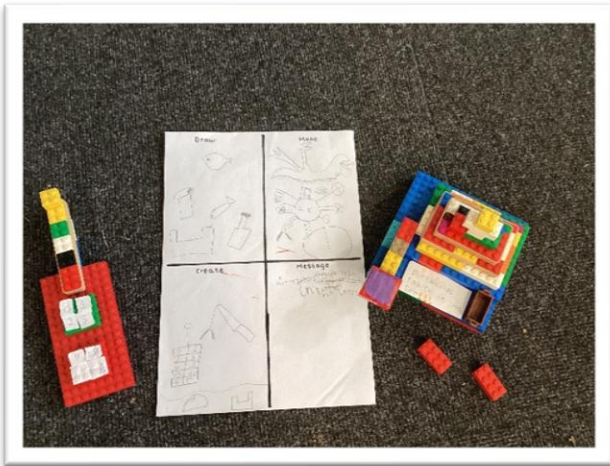

Would you be willing to share your views on walking, cycling or wheeling locally to help influence changes for the better?

Sustainable transport charity, Sustrans, is calling for stories about walking, wheeling and cycling from people aged 16+ from Southampton, Eastleigh, Totton and Hedge End.

The [Walking and Cycling Index](#) supports leaders of cities and towns to understand and improve walking, wheeling and cycling across the UK and Ireland. The Index provides high-quality evidence to help ensure walking, wheeling and cycling are attractive and accessible for everyone.

Please help Sustrans bring the Index to life by [sharing your story here](#).

Play Projects-Earth Day

Hope you have a great weekend!

Kind regards

Phillippa Longman
