

Update on Public Health Nursing 5-19 central process email and digital referrals

We are now pleased to launch the digital request for support form for Hampshire Public Health Nursing Service.

Please use the links or the QR codes attached to make any referrals into the service with immediate effect.

Any referrals into the service using the old system will be offered a three-week grace period. **From May 18th we will no longer be accepting the old referrals and new requests will need to be sent electronically.**

For Parent/carer/professional's:

[Digital referral for the 5-19 Hampshire Community Public Health Nursing Service](#)

Young Person Self Referral:

[Young Person self referral to the Community Public Health Nursing Service](#)

We have listened carefully to the views of stakeholders, in particular children, young people and families themselves and we are confident that the new central process will provide a quicker response time for families and we will continue to retain the excellent level of service and expertise currently provided.

These changes **do not** include Portsmouth and Southampton cities and the Isle of Wight.

Regards

Administrator Team Coordinator - Community Public Health Nursing 5-19
