Dear Parents and Carers,

Today, your child will return home with their Seesaw login code. Each code is unique and must be treated like a password; please ensure your child's code is not shared with other children or families.

Occasionally your child may be asked to complete home learning via their online learning journal. On these occasions, your child will need their login to access their online learning journal at home and therefore it is important to keep the login code in a safe place to use throughout the year.

It is important to note that there may be photographs, videos and work added to your child's journal, which may contain other children. To ensure the safety of all children, it is imperative that you do not share login codes or any journal content on social media or any other public forum.

If you are new to using Seesaw this year, please see the attachment named 'How to access seesaw at home' for an overview of how to access and use your child's online learning journal.

Thank you for your support.

Yours faithfully,

Miss Gospel
