

Sent via Arbor email 15<sup>th</sup> January 2024

Dear Parents and Carers,

Please accept my apologies for the inconvenience caused today through our heating system failure. We currently have engineers on the school site and hope to have the heating fixed later today. We will be unable to open the school part way through the day as it will take a number of hours for the heat in school to rise to the legal temperature of 16C +

All year groups will be uploading home learning opportunities on to Seesaw. Please log into your child's Seesaw account to view and complete these. If you have problems getting on to Seesaw, please look at the Curriculum News for your child's year group for ideas and learning opportunities at home. The Curriculum News has previously been emailed to you and is also available on the school website under the heading Parents/Curriculum Letters.

We hope to be open as usual tomorrow, but please check for text and email communications from the school.

Yours faithfully,

Phillippa Longman

Headteacher
