

18th January 2024

Dear Parents and Carers

Please see the attached posters from Eastleigh Police.

They have 2 bike marking sessions coming up:

20/01/2024 11am – 1pm at Places Leisure

17/02/2024 11am – 12pm at Velmore Community Centre

Marking consists of the bikes having 2x tamper proof QR codes put on the bike, their own information and frame number is then registered with bike register while the owners are present with the police.

They have said it really does improve the odds of having a bike returned to you if it is ever lost or stolen. The marking can also deter thefts from attempting the theft in the first place.

Kind regards

Phillippa Longman
