Happy Friday everyone!

Last night we saw an amazing display of fireworks light up the sky at Spooks and Sparks.

We have so many people to thank for making the night a huge success

Sparks Ellison for sponsoring the event, supplying the meat and doing a sterling job on the BBQ

Charles Bayham for always being there to provide high quality meat and lending us anything we need

Gair Gas for servicing our BBQs for free

Speedy Light hire for providing the lighting for free

The team of HSPTA committee members for putting together one of the biggest events of the year

All the incredible volunteers, whatever your role, before, during or after - we simply cannot continue to put on these events without your time and effort.

THANK YOU ALL SO MUCH!
